Summer goodbye in Malopolska region

Last weekend gave us a lot of expression! We took a part in two events in Malopolska region. We spent Saturday in Limanowa, and on Sunday we visited the Łącka residents. Glam Movie Premiere "City 44" was held on Saturday, September 20, at the Limanowa's House of Culture. Production was established on the occasion of the 70th anniversary of the Warsaw Uprising. The movie shows young people struggle in capital war-torn. Therefore it is not surprising that the session attracted mainly young people, who as eagerly peered into the stand of our campaign. The representatives of the Regional Directorate of Environmental Protection in Kraków prepared special folders containing information on the natural values of Malopolska region. Traditionally, you could try your hand at interactive quizzes and music videos.

A day later, on Sunday, September 21, we took a part in the Festival in Łąck. During this annual event, held many attractions - including presentations of products manufactured with local apples and local bands.

Meetings in Limanowa and Łąck end the cycle of local events organized in the Malopolska region.

We invite you to Pulawy in 28th of September, where Andrzej Piaseczny give his last concert!

18.09.2014 r.

„Young Nature Oxford Debates"

Next competition "Young Nature Oxford Debates" has just began! The main goal of this debates is promoting pro-ecological young people creation and endangered plant and animal species of protected areas of Natura 2000 in Poland.

This competition is aimed to all secondary school students, especially for those who are interested in conservation and want to take a part in substantive discussion about Natura 2000 network.

Each school may take a part in the competition with teams (11 person) which include students and the teacher acting as the group leader. The competition is divided into two stages. In the first stage the participants must prepare an outline of Oxford debate, including the thesis proposal and written grounds for a decision. The debate is concern Natura 2000. Debates outlines can be submitted until 17 October 2014. Only 10 best teams will be invited to the second stage. The main goal of this stage will be a debate and preparation of written and photographic relation of this debate. Extra points will be available for short movie documentation of these discussion.

The result of competition will be in December 2014.

Winning team will be chosen by the Competition Commission which will include among others representatives of the General Directorate of Environmental Protection. Partners of this competition is Cogito.com.pl portal.

23.05.2014 r.

Ekofilm winners

Today ended up Ekofilm Festival. Ekofilm passed by 2014 in two categories of Ekofilm, which competed videos on the subject of ecology and protection of the environment and Natura 2000, intended for films presenting animals and birds species protected under the Natura 2000 network. The Patron of Natura 2000 category was General Directorate for Environmental Protection. To participate in the work of the creators of the film in both the reported movement of amateur and professionals. In this year's competition was attended by more than thirty films.

During a gala at the Festival were awarded the creators of the best films. Awards in the category of Natura 2000 at the hands of the General Directorate for Environmental Protection Michał Kielszka received the 1st place-Marta Kądziela for the film "Hot and dry" in the series Saved the world, which was developed within the framework of the Coordination Centre's environmental projects Project LIFE "Protection of biodiversity in forest areas, including within the framework of the Natura 2000 network-the promotion of best practices". On behalf of Peter Adamskiego, Director of the Center for the coordination of environmental projects, diploma has received Deputy Krzysztof Przyborski. The winners of the jointly decided that the prize money, 14.000 zł, is designed for Anna Dymna's Foundation in spite of everything, that she appeared in the award-winning film, 2nd place-Marcin Krzyżański for the film "Warsaw Vistula River", 3rd place-Bogusław Sępiel for the film "Over the river".

23.05.2014 Local meeting in Białowieża and in Józefów nad Wisłą

On 17-18 may, took place following information meetings in the framework of the campaign "Discover your Nature". Representatives of the General Directorate for Environmental Protection visited the inhabitants of Białowieża and Józefów nad Wisłą. Despite the variable weather campaign information stand enjoyed great interest. Both the feast of the orchards in Józefów, and night of museums in Białowieża attracted crowds of visitors, very interesting with "Discover your Nature" tent. Visitors were able to learn more about the Natura 2000 areas, especially those areas in which the meeting was held in Białowieża to the Białowieża Forest and in Józefów to turn of the Malopolska breakthrough Vistula River. They received a brochure and map. The biggest attraction for participants turned out to be a multimedia quizzes and music videos. The character dancing Lynx, Wolf and Falcon will be more than happy to be drafted into their younger participants, but there were also adult amateurs.

The organizers predicted for them a special keepsake in the form of plates with your recording. The other for participation in educational activities receive gadgets and single with the song "For years" campaign Ambassador-Andrzej Piasecznego. Traditionally, for children there is the drawing area and balloons.

These were the first of three briefings addressed directly to the residents of Natura 2000: Białowieża and Malopolska breakthrough Vistula River. The next is scheduled for May 24, during the feast of the wine in the Janowcu (Malopolska breakthrough Vistula River) and June 15 as part of a religious Family Picnic (Białowieża Forest area).

19.05.2014 Ekofilm 2014

Today, at 4.00 p.m. at Nowogard begins the 13th Nationwide and IX Maciej Łukowski International Festival of Environmental Films "Ekofilm". The event, whose partner is the General Directorate for Environmental Protection will last until May 23, 2014. The participants of the Festival has many attractions, for example film contest in the category of "Natura 2000" and a photo exhibition "The most beautiful areas of the Natura 2000".

The Festival will begin the openings of exhibitions "On the border between nature and civilization", and also the work reported to the competition poster for this year's Edition of the Festival. The film will be presented in the contest almost 40 films that look at issues of ecology and environmental protection. Movies battle it out in two categories of the competition. One of these is the "Natura 2000", which hosts the General Directorate for Environmental Protection. In the program, prepared by the General Directorate for Environmental Protection, the exhibition "The most beautiful areas of the Natura 2000" and the exposition devoted to the patron of the Festival, Maciej Łukowski, the current will be his wife and daughter, Anna and Catherine Łukowskie. During the Festival will be held also lectures, meetings and workshops related to nature and the wider ecology. Their topics will cover various aspects of greening your lifestyle-active and healthy recreation, nutrition, health, care for the environment, renewable energy sources.

One of the elements of the Festival Ekofilm will be EkoBazar - organic markets, which are proposed for all, which is not alien to the promotion of the idea of ecological and life in harmony with the environment. EkoBazar is the promotion of clean technologies related to recycling and the use of renewable energy sources, as well as the promotion and popularization of organic, natural food.

The Festival is accompanied by the action of "Rebuild dreams!", which is aimed at helping a shelter for homeless animals in Sosnowice. The aim of the action is mostly a collection of funds for the replacement of dog's kennel in a shelter, but are also collected food, leashes and collars.

Ekofilm ends in "Green Spoke" party addressed to two wheels fans. Bike rally will be held in the heart of the ancient wilderness, surrounded by oak and the Trzechelska Struga and Lakes, which are rich in flora and fauna.

Ekofilm partners are the Voivodship Fund for Environmental Protection and Water Management, State forests, Regional Directorate of State forests in Szczecin, forest Nowogard, Association of municipalities-R-XXI, Nature protection League and the Association of engineers and technicians in wood and Forestry. Media patrons of the Festival are Radio ZET i Radio ZET Chilies. Honorary patron of the event was the Minister of the environment, and the Cup for best film contest he founded the President of the Republic of Poland, Bronisław Komorowski.

14.05.2014 r. First local meeting in Minikow - Nakło nad Notecią

"Discover Your Nature" campaign first local meeting was held in Minikow. During the Summer fair General Directorate for Environmental Protection representatives met with the inhabitants of Minikowa. It was the first local meeting dedicated directly to the residents of the protected areas. Promotion and information activities on the stand campaign held contests and animations on Natura 2000 using multimedia techniques for children and adults. The inhabitants of Minikowa participated in the quizzes, polls, while children can draw a protected species. Everyone involved in the competitions receive single with the song "For years" campaign Ambassador-Andrzej Piaseczny and information materials on the Natura 2000 area - Central Valley Noteci and the Bydgoski Canal. The next scheduled meeting in the Central Valley nad Bydgoski Canal will be on 14 June in Bydgoszcz during "The rudder on the Bydgoszcz" party, on September 6 in Stróżewo and May 30 in Szamocin, where during the Szamocińskie Days of music concert will be held by Andrzej Piasecznego.

02.05.2014

From May to September 2014, in selected locations on the Natura 2000 areas, will be held 15 information meetings and 5 local events. The meetings and events will promote the Natura 2000 network as an additional opportunity for the municipality and its inhabitants. The event star will be Ambassador of the campaign - Andrzej Piaseczny. During each event with special stands will be provided information on the Natura 2000 areas and about the project. They will be equipped with multimedia features-plasma screens that will display photos and videos. Children will have fun in the form of activities and workshops. The participants of the events will receive a special campaigns gifts.

More details of the campaign are available on the website: www.poznajnature.pl and Facebook: www.facebook.com/poznajnature.

23.04.2014r. The „Nature 2000 and my region nature" art competition has just began

Art competition "Nature 2000 and region nature" should encourage younger students to take action for the protection of nature and bring them the key tenets of Natura 2000 network. The competition is aimed at students of primary schools, which are located in Natura 2000 areas joined "Discover Your Nature" campaign. Students are able to participate in the contest in two age categories. The task of children from classes I-III will be the creation of a "Mascot of Natura 2000", which is supposed to represent the selected species of animals or plants protected under the Natura 2000 sites in Poland. For this purpose they can use any materials. In turn, students in grades IV-VI are prepared in any form and technique work entitled "Nature 2000 in my area". This can be for example. presentation, collage, photos, map, or comics.Participants are kindly requested to inform about the justification for choice of the theme of his work, and each work should be adequately described by the teacher. The work can be reported to 31 May 2014. The contest settle is planned before the end of the school year. The winning entries will be selected by the selection board, composed of representatives of the Organizer-the Directorate-General for the protection of the environment. The authors of the best works are attractive prizes. The competition is organised by the General Directorate for the protection of the environment within the framework of the promotional and information campaign "Meet its nature". This is another initiative of the General Directorate for Environmental Protection, which aims to popularize knowledge and sharing experiences concerning human coexistence with nature in Natura 2000 areas.

For more information about the contest,terms and conditions can be found at www.poznajnature.pl.

19.03.2014 r Andrzej Piaseczny support Discover your Nature campaign

Andrzej Piaseczny, well known Polish artist became Ambassador of the Discover your Nature campaign. Especially for this occasion he prepared campaign song "For years".

Andrzej Piaseczny said - "This campaign is my contribution to preserving what we have, our precious natural heritage. For us and for future generations. People say that nature is the kingdom of silence. For me it's the enormity of the sounds. The most beautiful music in the world".

The song " For years" was composed by Seweryn Krajewski and was written by Andrzej Piaseczny.

Andrzej Piaseczny invites everyone to join in the project "Discover your Nature", listen to their voices, learn its melody. Let it be with us for years".

Andrzej Piaseczny debuted in 1992 as the lead singer of the group MAFIA from Kielce. In 1996, he began a solo career and to this day he is one of the most popular and recognizable Polish singer. He has over 2 million sold CDs. He is a laureate of a lot of awards, as well as the music industry (Fryderyk Award for best singer, Amber Nightingale) and audience (for example Super Singles, Telekamera, Victor).
