

Friends of Nature

2015-12-16

We invite all nature fan to register to the social networking part of the website dedicated to the Natura 2000 network.

The service is available at www.natura2000.gdos.gov.pl. You can search there nature trails located within Natura 2000 areas. You can also view multimedia assigned to the trails.

You can provide your own files after logging in and also find information about where and how to observe nature environment without harming.
